FRIDAY

DEDICATION

IN MEMORY OF

Sidney H. Dunham

GREEN BE THE TURF ABOVE THEE,
FRIEND OF MY STUDENT DAYS,
NONE KNEW THEE BUT TO LOVE THEE,
NONE KNEW THEE BUT TO PRAISE.

MESSAGE FROM OUR SUPERINTENDENT

To The Trojan Staff-Seniors of 1946--

I wish to congratulate you on your annual. It has taken a lot of planning, a lot of work. You have done a good job.

Your four years of high school have been hard. Due to the war, schools, as well as everything else have been effected. Brothers, sisters, friends and schoolmates have been scattered to the far parts of the world. Materials, help and other things have been hard to get. Everyone has been worked a little harder than in normal time. However you have stuck loyally to your school and your work. Now you are ready to go on to higher education and your life work.

I have every confidence that each and everyone of you will be an upright citizen loyal to yourself, your family, your community, and your country. You will remain strong and clean physically and morally.

It is with regret I say "goodbye" to O.H.S. and you--but there is a deep satisfaction-- knowing in the years to come. I can meet you as tried and true friends.

Sincerely yours,

Robert K. Funk

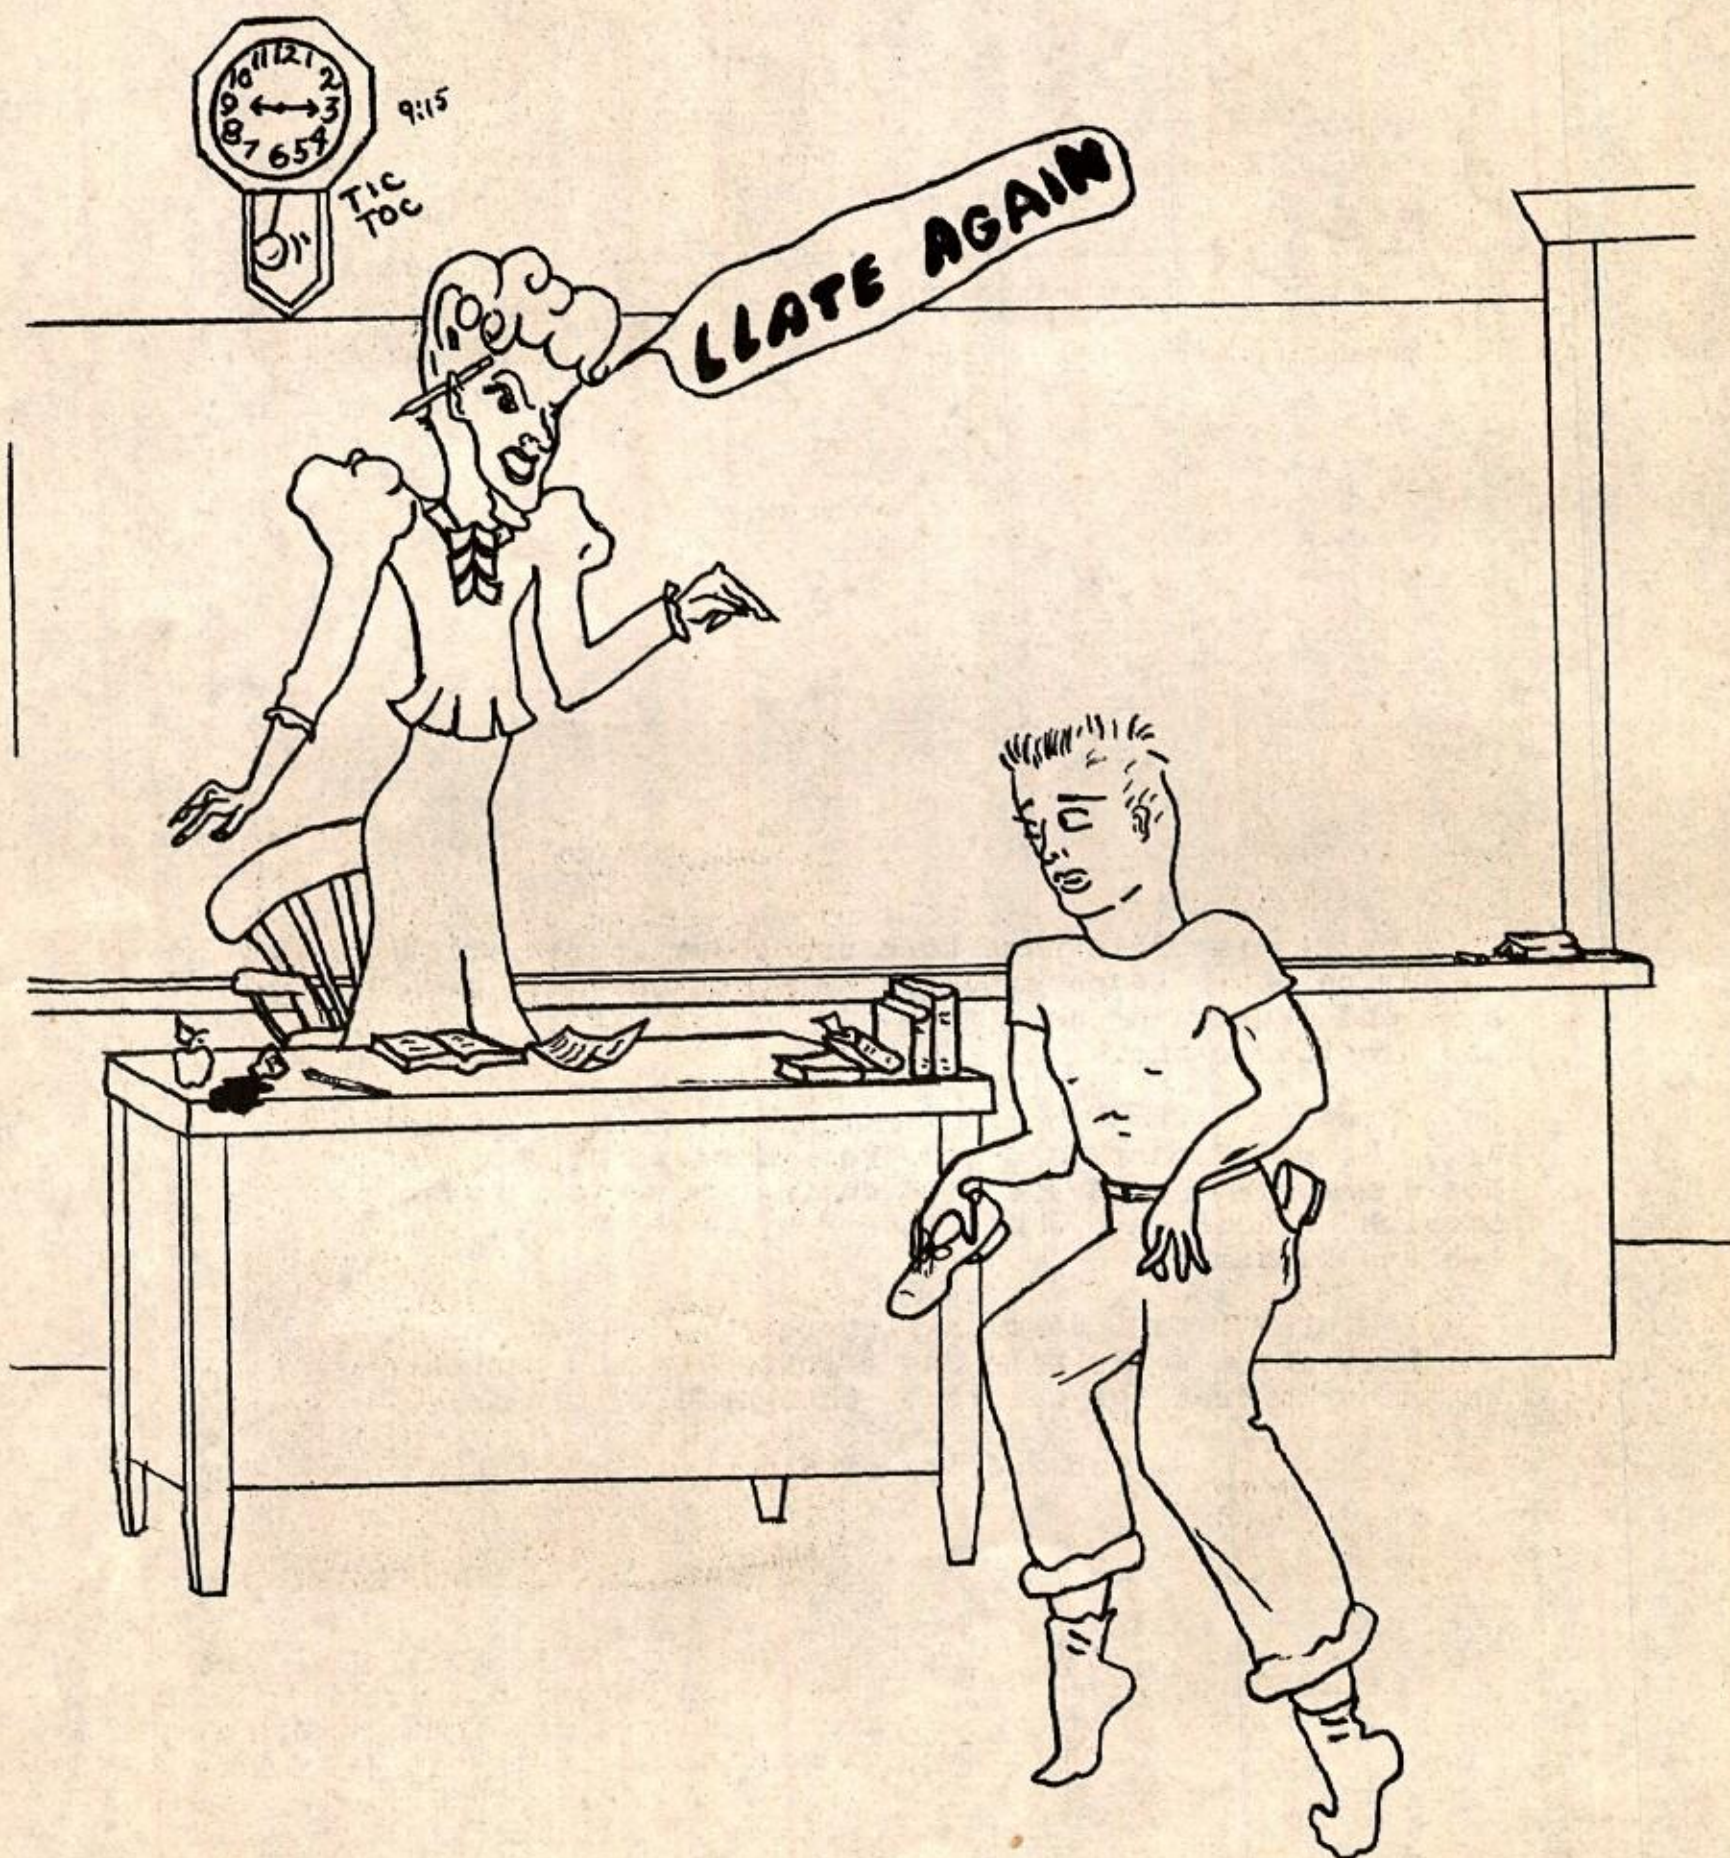

We reserve this page to express our appreciation to our parents, taxpayers, teachers, schoolboard members and others who have made our school life a happy and profitable one.

Present school board members are John Fauque, Jr., Henry VanderPas and Pat Sanderson. Other board members who have served during our four years of high school are John Andersch, Rudy Prevol, and Leonard Dunham.

We wish to thank all these board members who have given their time and efforts to the school at no pay except the thanks of thoughtful citizens.

The Seniors of '46

FACULTY

Helen Rittenhouse-----Great Falls, Montana, Great Falls College of Education, Fifth and Sixth Grades.

Annabelle Gore----Oildont, Montana, Eastern Montana Normal School, Billings, Montana, First and Second Grades.

Mrs. Funk----Great Falls, Montana, Montana State Normal College, Dillon, Montana, Third and Fourth Grades.

Matt Schaff-----St. Martin's High, Lacey, Washington, St. Martin's Jr. College, Lacey, Washington, Eastern Montana Normal, Billings, Montana, Seventh & Eighth Grades and Grade Basketball Coach.

Robert K. Funk----Superintendent,
Sheridan, Montana, Montana State
College, Bozeman, Montana Normal
College, Dillon, U. of Montana,
Missoula, Geometry, Algebra,
World Problems, Chemistry, Social
Science, Bank

Miss Mary Knoble---Oilmont, Mont-
ana, University of Montana, Mis-
soula, Montana, Eastern Montana
Normal, Billings, Montana, Uni-
versity of California, Berkeley,
California, Typing, I, II, III,
English I, Mechanical Drawing,
Art, Home Economics, Home Ec. Club

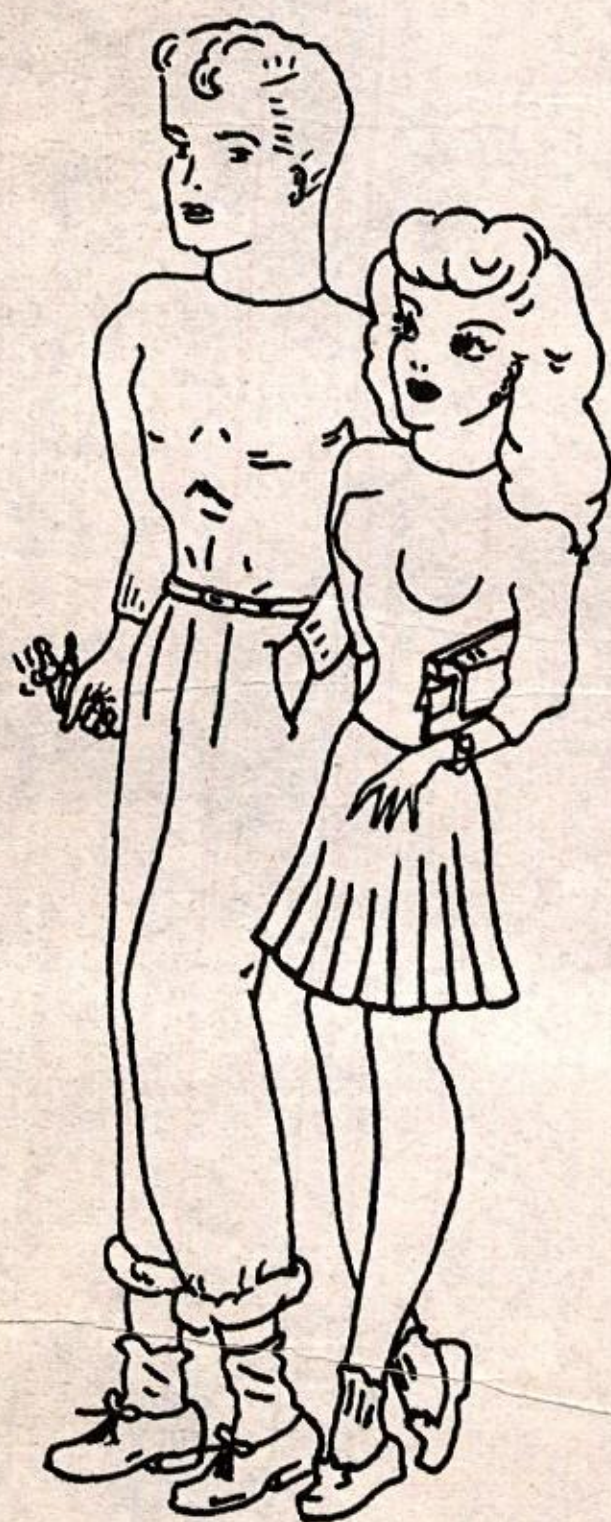

Mrs. Chedsey----Orchard, Colorado,
Colorado State College of Educa-
tion, Greeley, Colorado, American
History, Spanish I & II, English
II & III, Physical Education, De-
bate Team.

Ernest Copenhaver-----Hinsdale,
Montana, Montana State Normal
College, Dillon, Montana, Uni-
versity of Montana, Missoula,
Montana, Great Falls Commercial
College, Great Falls, Montana,
World History, General Science,
Shop, Physical Education.

SENIORS

Corky Irgens--Journalism 3, Annual 4, Basketball 1, 2, 3, 4, Football 2, 3, 4. Blundering Herd 3.

NOT PICTURED

Gordon Dipple--Journalism 1, 2, 3, Annual 4, Blundering Herd 3,

SALUTATORY

Schoolmates, Teachers, Parents and Friends! I bid you welcome.

We leave our High School with the usual feeling of sadness which comes as a result of leaving things dear to us. But we Realize we must put away this sadness and go out to fulfill the duties facing us as American Citizens. Good Citizenship is one of the things we have been striving for all through our school years. Before we started school our Parents had the responsibility of teaching us to share with others and how to follow the laws of good sportsmanship with our family as well as the little neighbor boy or girl.

Next, the patient teachers of our grade school days gave to us further training on how to work together. Our greatest preparation for responsibility and citizenship we gained as we went through high school. There we grasped the idea that we weren't in school just to learn facts from books but that our teachers and parents had been trying to make good citizens out of each one of us.

We learned that in H. S. when we have worked to our full capacity, when we have learned to do things for ourselves, when we have trained to develop high standards for our school and keep them high, then we have learned something of what America wants of her people.

When we acquired the habit of taking care of our books and the equipment provided for us by the citizens of this community to educate us for this democracy; when we learned how to cooperate with each other, when we trained to respect our classmates and teachers and when we in turn were good enough citizens to demand respect from them, then we had taken a mighty important step on the trail of good citizenship.

We move on up that trail of good citizenship with confidence and enthusiasm.

Dorene Whitt

VALENTORY

Another spring. Another Graduation. For us who are before you tonight the volume of our high-school days has come to a close. No longer will our knowledge come from text-books but from the book of Life itself.

During the years in high-school a great war has been fought and won, leaving the world in a turbulent, unsettled state. The 1946 graduates will play an important part in the future of our country. We need to be good citizens each willing to do his particular job well to help build a better world.

Tonight marks the goal for which we have labored these four years. We are happy to have achieved this goal, yet we realize that something is gone that we can never have again; the care-free days of high-school and the friendship of teachers and classmates. It is now my sad duty to bid a farewell to the school which has fostered us, to the teachers who have been so patient in our sometime stumbling attempts to learn and to the friends with whom we share so many memories. We wish also to thank our parents and friends for encouraging us in so many ways.

Now we must go on to achieve new goals, make new friends. The door to the future is open. May we keep our ideals high and each of us realize the ambitions we have set before us.

Pamela Porter

HISTORY

In the fall of '42, fourteen good-looking Freshmen started climbing the ladder of fame by entering old O.H.S.

Gordon Dipple, Mark McKenzie, Betty Jean Smiley, Anna Lu Farris, Dorene Whitt, Pamela Porter and Marian Shay all blew in from Kevin with Kennard Irgens and Cliff Bucher hailing from Ferdig, while Bill Byrne, Dale Flynn, Wanda Schaeffer, Alton Black and John Oien were remnants from Oilmont.

After surviving a tough initiation from our upper classmen, we became full-fledged Froshies, hoping that one day somebody would get wise and put an elevator so that Mrs. Dahl would not have to spend so much time puffing around to find us.

The next year we moved up a notch and were promoted to the carved desks in the sunny Sophomore room where we gave Miss McAulley the pleasure of watching over us.

In this year we gained LaVonne Heck from Libby, Dennis Robertson from Malta, John Schwab from Great Falls. We lost Anna Lu Farris to Cut Bank, Betty Jean Smiley to California.

The term of "44-45" we called ourselves "big shots" and walked into the Jr.-Sr. room under the firm hand of Mrs. Chesey. This year we worked our fingers to the bone and wore our brains to a frazzle calculating money to feed the starving Seniors.

In this busy year we gained Betty Jean Smiley from California and Harley Umphrey from Shelby. We lost La Vonne Heck to Lewistown, Alton Black to Dutton, John Schwab to Great Falls, John Oien to California and Dale Flynn discontinued school.

Now in our last and mighty stand we occupied the desks near the window, which makes us all the brighter so that we can cheerfully look down our noses at all underclassmen and use the privileges which the foregoing Seniors left us. As we reach the top of the ladder we find ten remaining Seniors strutting up to the stage to receive their diplomas. Of these are: Pamela Porter, Dorene Whitt, Wanda Schaeffer, Marian Shay, Kennard Irgens, Clifford Bucher, Dany Mitchell, Bill Byrne, Harley Umphrey and Gordon Dipple.

Marian Shay

PROPHETCY

The Rocky Mountain ranch of Clifford Bucher and Bill Byrne was the scene of much activity in the spring of 1956. Invitations have been sent and all is ready for the grand reunion of the class of 1946.

The first arrivals are just coming down the road now. It's Marian and Corky Irgens. Marian is now a very successful interior decorator with Macy and Co. in New York City and Corky is head coach at Columbia University.

Who's that driving up in the slick new Cadillac? If it isn't Dorene Whitt. She says she likes her new job as head of the music department at Stephens College very much.

Just got a call from Gordon Dipole. I'm afraid he'll be a little late for the reunion. They're really keeping him busy these days as chief illustrator of several leading magazines.

Danny Mitchell just drove in from attending the big Oilmen's Convention in Tulsa Oklahoma. Did you get your 10¢ price boost in oil, Danny?

Here comes the owner of the "Diamond Horseshoe", San Francisco's leading night-club. You can recognize Harley Umphrey if you look beneath the loud sports coat.

Who's the cute couple driving up now? It looks like Mr. and Mrs. Mark McKenzie. She is the former Wanda Schaeffer. They've been happily married since Mark's discharge from the Navy and are living in Great Falls.

Our last arrival is Pamela Porter. She is doing all right too as Chief of the Juvenile Delinquency Department in Washington D.C.

Well folks, that's all for now. Maybe we'll meet again in 1966.

Pamela Porter

WILL

CLASS WILL

We, the Senior Class of "46", being of sound mind and memory, do make, publish, and declare this our last will in the manner and form as follows:

First we give to the Junior Class our sunny, carved up desks by the windows and hope that Cope finds them in them when the first bell rings each day.

Next, to the future Spanish II Class, all the gum found under the table as you know it is not allowed in Spanish Class.

And to all the undergrads our many talents and good manners acquired during our four years in High School.

Corky Irgens, the pride and joy of our basketball team, wills his athletic ability to Jack Swenson. We hope to see you on the first five next year Jack.

Bill Byrnes wills to Glen McKee his quiet and pleasing personality.

Pamela Porter leaves to Hanky Vander Pas her ability to get along with the teachers and her good grades. No more trips during school now Hanky!

Gordon Dipple wills his letters from the Draft Board to anyone of the future Senior boys that wants them.

Harley Umphrey leaves his "happy Saturday nights" and his ability to circulate any and all the new slang that's possible around the school to James O'Kins.

Marian Shay leaves her dare-devil attitude to Odes Delp. Boy you'd better sell that motorcycle for sure now Odes.

Danny Mitchell leaves his position as head mechanic in Hegles Garage to Jackie Jarrett.

Clifford Bucher wills his hearty laugh and ability to argue himself out of any tight spot to Bobby Thompson who never acquired Clifford's gift of gab.

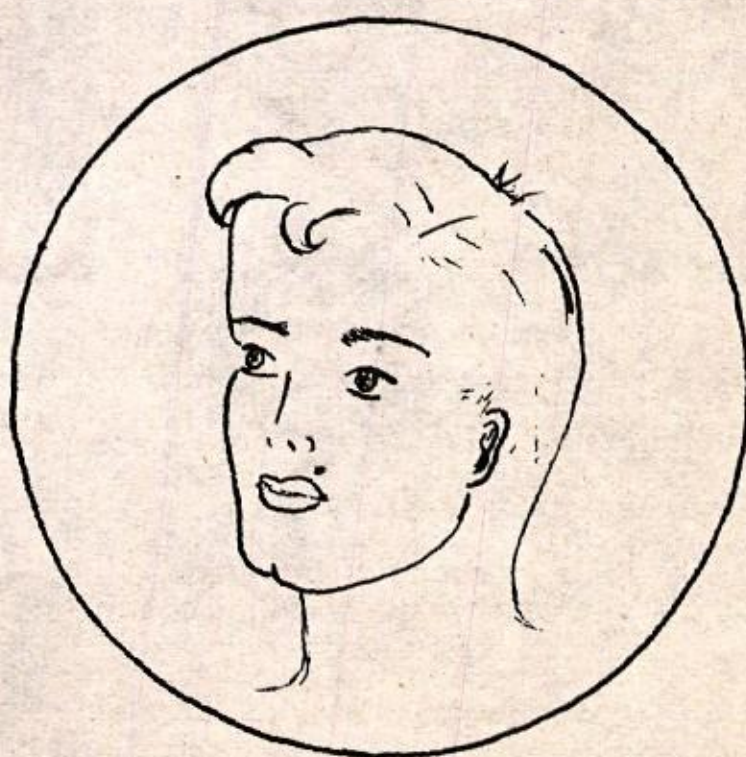

Wanda Schaeffer wills her height to Corky Thompson and anyone (but Mark) in the whole U. S. Navy to Earline.

Dorene Whitt wills all she doesn't know about Geometry to Beverly Whitt. You should be on the Honor Roll next year Bev.

Dorene Whitt
